Designed for...

- Supermarkets
- Restaurants
- Hospitals
- Clinics
- Nursing Homes
- Shopping Centers
- Hotels
- Inflight Kitchens
- Malls
- Manufacturing Facilities
- Schools

Marathon's Pak'ntainer[®] (MPT): Available in 3, 4, 5, and 6 Cubic Yard Front Load and 6 Cubic Yard Rear Load Models

Marathon's Pak'ntainer[®] is a portable and economical self-contained compactor / container with remote power pack, is designed for compacting and containing wet or dry waste and simplifying waste dumping. The Pak'ntainer[®] helps maintain a sanitary environment, while saving money, for those generating as little as 20 cubic yards of refuse a week.

Place Pak'ntainer[®] wherever needed, whenever needed... temporarily or permanently... no anchoring, no concrete pad, no special surfaces required. Can be used alone or to "fill the gap" in combination with other units. Container is tapered to achieve superior compaction ratios and aid waste ejection which eliminates excessive wear and tear on collection trucks. Liquid-tight construction helps insure sanitary environment. Drain allows water to be removed lowering disposal costs.

Features & Benefits

Extra Low 42" Feed Height for convenient loading from side or rear of unit.

Large 46"x22 1/2" Clear Top Opening handles even large, bulky items.

Cycon Control System (for use with 3 phase only) eliminates all pressure and limit switches, dramatically improves cold weather performance and reduces maintenance costs and down time.

Fixed Breaker Bar Teeth help keep materials in container and charge box clear.

Hydraulic Plumbing To Both Sides With Quick Release Disconnects for added versatility in any application.

Tri-Voltage Standard for easy conversion to 208, 230, or 460 volt power.

Single Phase 110 with 3/4 HP Motor available at no additional charge.

Heavy Duty Hinges for durability.

Lockable Panel Box to increase security.

PAK'NTAINER®

Specifications:

Total Capacity	3, 4, 5,	2.3, 3.1, 3.8
	or 6 cy	or 4.6 m ³
Compactor Capacity	0.5 cy	.4 m ³
Clear Top Opening.....	46"W X 22 1/2"L	1168mm x 572mm
Ram Face Size.....	48"W X 20H	1219mm x 508mm

	3 cy FL	4 cy FL	5 cy FL	6 cy FL	6 cy RL
Total	2600 lbs.	2700 lbs.	2850 lbs.	2950 lbs.	3400 lbs.
Weights	1179 kg	1225 kg	1293 kg	1338 kg	1542 kg
Lift	2300 lbs.	2400 lbs.	2550 lbs.	2650 lbs.	3100 lbs.
Weights	1043 kg	1089 kg	1157 kg	1202 kg	1406 kg

FL = Front Load, RL = Rear Load

Performance Characteristics:

Cycle Time	28 s	28 s
Force	19,800 lbf	88 kN
Ram Face Pressure	20.6 psi	142 kPa
Ram Penetration	3 1/2"	343 mm

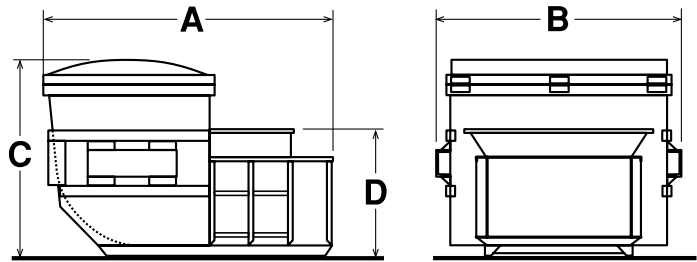

Electrical & Hydraulic Equipment:

Motor	3 hp	2.24 kW
Pump	3 gpm	11.4 L/min
Pressure	2400 psi	166 bar
Cylinder Bore	2 1/2" ø	64 mm
Cylinder Rod	1 1/4" ø	32 mm
Cylinder Shaft	18 1/2"L	470 mm
Reservoir	5 gal.	19 liters

OPTIONS:

- ▼ Hopper Enclosures
- ▼ Security Chute
- ▼ 90 Gallon Cart Dumpers
- ▼ Ozone Generator

Pak'nTainer is designed for compatibility with a wide variety of collection vehicles.

	A	B	C	D	Weight
MPT-6 RL	148 1/2"	78"	84 1/4"	42"	3400 lbs.
MPT-3 FL	78 7/8"	81 3/4"	59 1/4"	42"	2600 lbs.
MPT-4 FL	84 7/8"	81 3/4"	65 1/4"	42"	2700 lbs.
MPT-5 FL	90 7/8"	81 3/4"	71 1/4"	42"	2800 lbs.
MPT-6 FL	96 7/8"	81 3/4"	77 1/4"	42"	2900 lbs.

RL = Front Load FL = Rear Load

Pak'nTainer with Optional Plastic Lids enclose hopper to keep contents in, rain out.

This 6 cubic yard Pak'nTainer is a rear load model.

Easier to operate latch - saves on time and maintenance.
